ON SITE WELFARE AND ACCOMMODATION

Towable welfares (Groundhog units)

OSWA-TOWEL

Due to continuing demand, we have substantially increased our offering in this key area.

Our entire fleet is of first class construction and has quality features such as anti vandal shutters and high security doors as standard.

Having the ability to quickly deliver, install and configure units with our own in house and highly capable transport fleet makes us the 'go-to' source for excellent choice and service in site welfare and accommodation.

TECHNICAL SPECIFICATION

TYPICAL APPLICATIONS:

The Health & Safety Executives CDM (Construction, Design and Management Regulations) apply to most common building, civil engineering and engineering construction work ?

You must notify HSE of the site if the construction work is expected to either:

- Last longer than 30 days; or
- Involve more than 500 person/hours of construction work.

One of the requirements for these projects is on site welfare facilities including:

- WC and washing facilities
- Seating and rest areas complete with heating

Our up to date fleet of mobile, towable, on – site welfare units offer:

1. Rapid deployment to roadside & sites without specialised transport (4x4 towable)
2. They conform and exceed all current HSE requirements
3. Automatic jack up, jack down axles
4. Diesel generators to power to remote locations
5. Secure overnight storage for hand held equipment, I.T & documentation
6. Decent comfortable rest areas with hot water & basic cooking functions
